The M3's pen shape design makes this vape battery convenient for personal carry. When using the same cartridge, CCELL batteries are capable to provide 25% more vapour volume compared to other brands.

The M3B vape pen is simple and discreet as always, but now with 3 heat settings, you are guaranteed with the freedom to customize how you want to enjoy extracts of different viscosities your way.

The M3B Pro, just like the M3B, is now equipped with 3 heat settings. The difference is the Pro has a micro sensor at the bottom that enables you to activate with one draw.

Ccell SiLO

sku# VAP-CCL-001 | \$35.99 MSRP

The SILO is an evolution of CCELL's portable extract oil vaporizers. Its battery capacity does not compromise because of more ergonomic and symmetric design. The SILO comes with all symbolic features of CCELL, such as button-free, inhale activated.

Ccell Palm

sku# VAP-CCL-002 | \$35.99 MSRP

The PALM equipped with CCELL cartridge and battery is the ultimate combination of aesthetics and functionality. It's petite size, fine-textured grip plus stealthy breathing indicator gives you the best comfort level and concealment possible.

# If you're not rolling Pure Hemp, then what kind of hemp are you smoking?

In case you're not familiar with the history of **Pure Hemp**®. Two decades ago **Pure Hemp** rolling papers were born, when Canadian Hemp pioneers Natural Emphasis teamed up with legendary Spanish paper manufacturer Miquel y Costas. Our Pure Hemp papers are made in some of the oldest paper making areas in Catalonia, Spain. Using only the finest hemp fibres available, creating a thin, yet strong, slow burning paper with little ash. Initially, only available in a small 70mm size.

Fast forward 20+ years and **Pure Hemp**® are quite possibly the best hemp rolling paper out there. The brand has grown through the years. The original 70mm's are now accompanied by 1<sup>1/4</sup>, King size and 4M Rolls. Pure Hemp paper has also expanded into the Unbleached category, offering a new thinner **Unbleached** version of our hemp paper. All of our rolling papers are finished with an all-natural Acacia gumline. Know your roll and roll with The Original Pure Hemp®

This personal air filter by Eco Four Twenty is so easy to use, simply exhale smoke through this device to reduce harmful second-hand smoke and odour that can affect your roommates, family and neighbours. This device's casing is made of high-quality aircraft-grade aluminum and 2 stage medical-grade filter with activated coconut shell-carbon filter + HEPA filter. It lasts up to 500 exhales, instead of buying a whole new filter you'll only have to replace it with another Eco Four Twenty filter cartridge. Backed by Eco Four Twenty's Lifetime Warranty and their 100% satisfaction guarantee, you will not be disappointed.

sku# PUREAIR 50 | **\$111.99** MSRP

**pureAir 500C Table Top Ion and Air Purifier**

sku# PUREAIR 500 | **\$299.99** MSRP

Designed to purify the air in an individual room, pureAir 500 C uses three advanced technologies to eliminate bacteria, viruses, odors, smoke, pollen, mold, pet dander, and more. These technologies help to sanitize everything in the the air, embedded in walls, ceilings, floors, furniture, clothing, on counter-tops and other surfaces. pureAir 500's operation is just as simple as its design; choose the continuous setting for a constant clean or use the burst settings' automatically timed increases in purification to deal with tougher odors like the smell of cannabis.

Developed on the Canadian East Coast. LUKY8™'s exclusive advanced formula is specifically developed to neutralize smoke odours as well as other airborne odours. LUKY8™'s fast smoke odour neutralizing action interacts with odours on a molecular level & is proven to remove odours in the car or at home. Its lightly scented, non-toxic formula is safe to use on yourself or around pets & is completely biodegradable. Try LUKY8™ smoke odour eliminator today, it REALLY works!
